

### **NLR Approved 3<sup>rd</sup> Party NFPA 70E Training Providers**

Listed below are the current training providers the NLR Electrical Safety Office has reviewed and approved. The Office believes these providers are acceptable and their training meets the minimum requirements from NFPA 70E.

- NFPA, Live Virtual Training:  
<https://www.nfpa.org/product/70e-electrical-safety-in-the-workplace-2024-lvt/lv70e24>
- e-Hazard, WEBEX Live-Instructor Low Voltage Training:  
<https://www.e-hazard.com/arc-flash-training/electrical-safety-training-schedule.php>
- NTT Inc., virtual training:  
<https://nttinc.com/course/arc-flash-electrical-safety-based-on-2021-nfpa-70e/>
- AVO 70E Training, virtual or classroom training:  
<https://www.avotraining.com/course-schedule/>
- TPC Training, virtual or classroom training:  
<https://live.tpctraining.com/>
- OEL Worldwide, Low Voltage Qualified classroom training:  
<https://oelsales.com/training-services>
- IBEW-NECA Denver Local, Live Virtual Training:  
Courses can be found under the 'Continuing Education' tab at <https://djeatc68.com/>
- The Electricity Forum, Live Virtual Training:  
<https://www.electricityforum.com/electrical-training/nfpa70e-training>
- Megawatt Training and Consulting, LLC, instructor-led training using e-Hazard.  
(This training can be provided through other vendors/partners.):  
<https://megawatttraining.com/sample-page/electrical-safety/>
- Encore Electric NFPA 70E In-Person Training:  
*This course is only accepted for Encore staff. Training must be completed after 25Nov2024 using "Encore's NFPA 70E Class 2024 Update".*

As we get requests for acceptance of new training providers, we will review their training and determine if they can be added to this list. To be approved by the Office, a new course must be an instructor-led live class, either in person or virtual. **Basic on-line self-paced classes will not be approved.**
